

THE CRAFTED CANINE DOG SPA/BRYN MAWR

If you're anything like me, you find it challenging to find the right groomer for your dog. After being dissatisfied with several, I got a recommendation from our neighbors Katie and Lil, who had their pooch Charlie groomed at a wonderful dog spa just 10 minutes from here in Bryn Mawr.

Laura, the sole proprietor of **Crafted Canine Dog Spa**, grew up in the business, having learned from her mother who is an accomplished groomer. Laura opened her dog spa in April and is growing her young business. She grooms one dog at a time, so your dog gets her full attention. And there are no cages! A circular driveway in front of the building makes drop-off – and parking -- easy. All this, and reasonable prices. too. Zoe has now been groomed twice by Laura, and we love the results. In fact, we've already scheduled her appointments over the holidays.

We are thrilled to have an expert dog groomer just 10 minutes from Hidden Lakes.
